

**Greater Houston Pembroke  
Welsh Corgi Fanciers**

## **Hi! My name is Rascal**

Rascal is a 5 year old neutered male, very dark red sable with lots of white.

He is an owner turn in because when his family got him and his sister Sally they did not realize that their very busy lifestyle would not go well with a people orientated breed like a Corgi. As a result Rascal spent most of his time in the back yard because the family was not home.

Rascal loves to play, and is very smart. He needs work on his manors and would probably do best as an only dog, at least for a while.
